Developer  
Deployment Expert  
Git Guru

Text IRIS @ (850) 876-5124

# Problem

**Information** is difficult to obtain during emergency situations.

**Connectivity** is not reliable everywhere all the time.

**No current solutions** alert authorities without a human operator.

# Solution

**An SMS platform** where users can share their location and seek advice

ACCESS  
INFORMATION

during emergencies

SHARE  
LOCATION

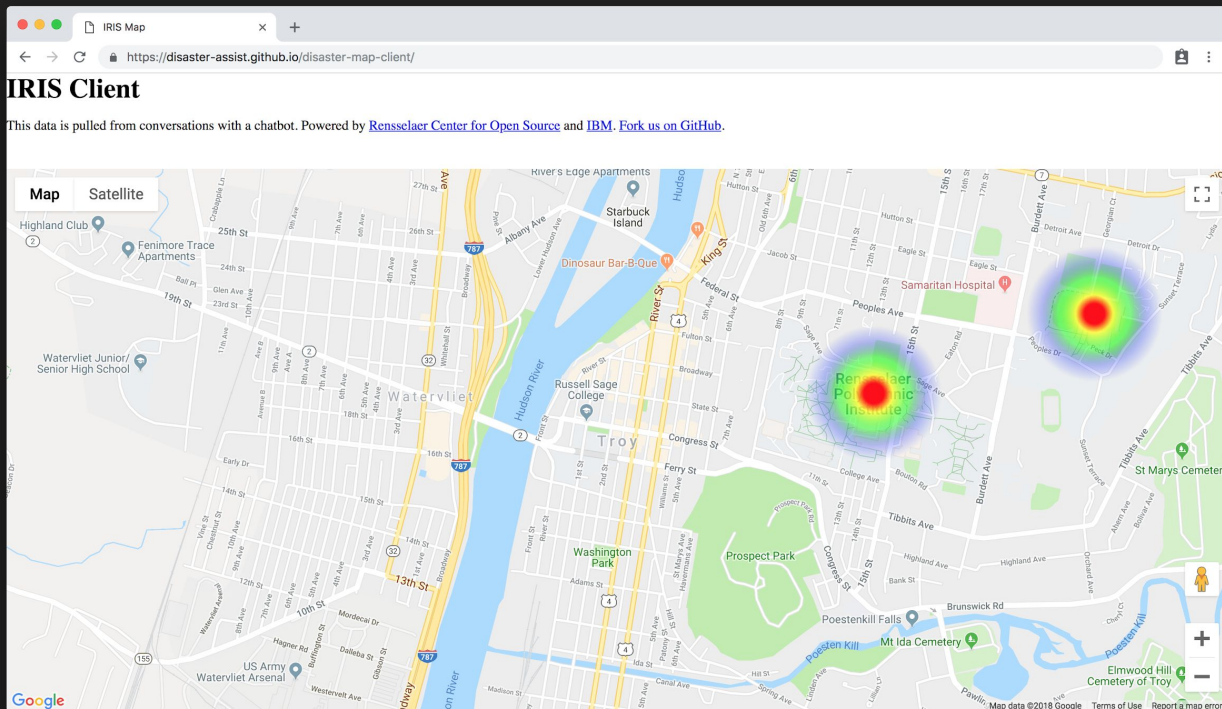

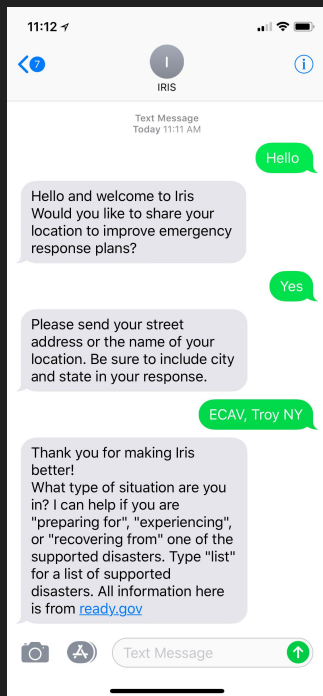

of your situation

DETECT  
EVENTS

as they happen
